

## Classroom Community Congress

Official Bill:

Bill #\_113\_\_\_\_\_

We, Ansil Stilley and McKayla Mitchell, Middle School Representatives, propose the following bill: Seat Belt Safety act of 2012.

Reasons for the bill: In March 2, 2012 there was a bus crash in Wa state, the bus driver and a student on the bus dead. And others critically injured. And many more cases like this around the country. And a lot of these deaths can be prevented if seat belts were on the buses.

If this bill were broken, the consequence would be: If the bill were broken, the consequence would be a \$50 to a \$200 dollar fine for every student unbuckled.
